Unlike other areas of my life I'm not much of a gadget freak when it comes to my rig:

- 1976 Fender Jazz Bass
- Seymour Duncan 3 way active preamp with funk button

- DL "Fat Beams" 45 series strings .045/.065/.085/.105

- 1995 Fender Jazz 5 string
- DL Fat Beams
- basstones pickups

- Yamaha RX265 converted to fretless
- La Bella flatwound strings
- Seymour Duncan 2-way active preamp

- 2005 Christopher upright
- Evah Pirazzi solo strings
- homemade "FDeck" preamp

-
Beaver Creek acoustic travel bass

Misc stuff:

- Ibanez compression pedal

-
Zoom 502 effects pedal

- Digiteck JLM2 looper

- Baby Wah volume/wah

- many Eno digital tuners

- Fender Bassman 150 amp for gigging

-
Fender Rumble 60 practice amp

-
Mackie 402 mixer, for play-alongs

- AudioTron MP3 streamer, to play the tunes

- Alesis SR-16 drum machine, to practice playing in the pocket

-
Sennheiser HD-440 II headphones for practice... most of which I do late at night ;-)

- Guitar Pro 6 for grabbing charts off UG

-
Finale Allegretto for scoring, practice scales, etc
